footprint

large

capacity

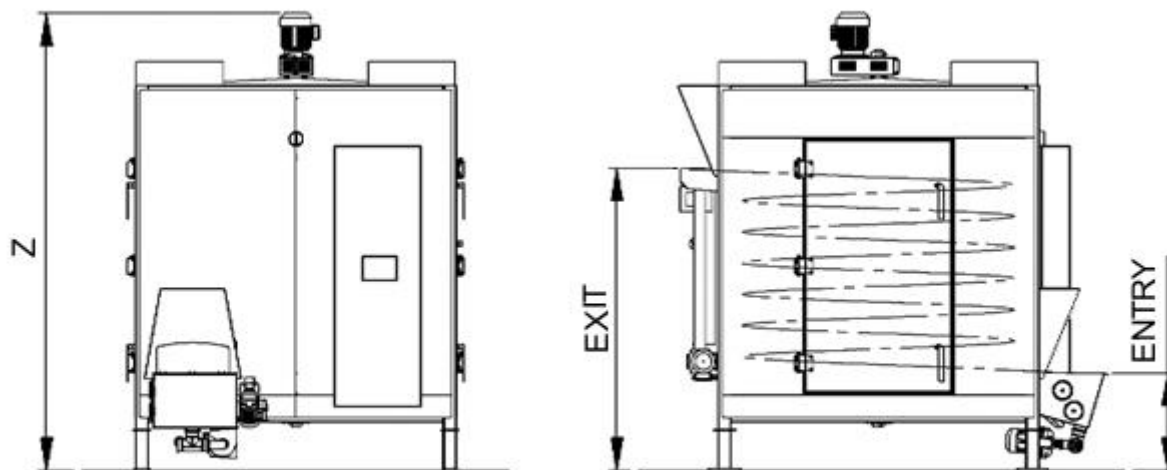

Devario spiral ovens offer unrivaled throughput, efficiency and performance in a reliable high-quality package. 200mm, 300mm, 400mm or 500mm wide belts are available with lengths up to 50m. Suitable for roasting, steam cooking or a combination of both the Devario oven can significantly increase capacity within your existing floor space.

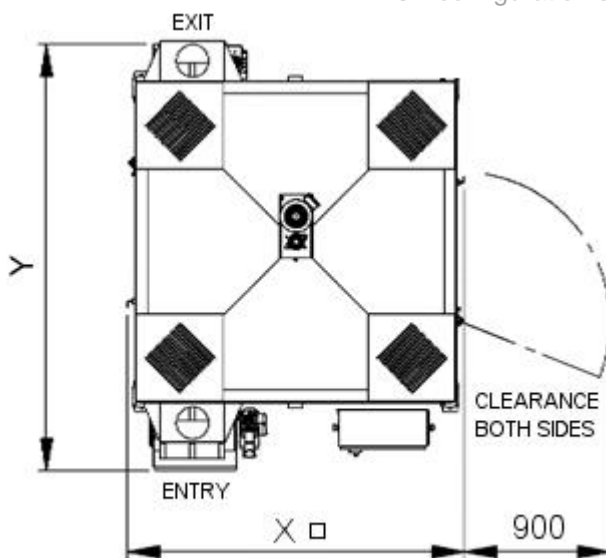

Standard features include 6-150 minute residence time, 240°C maximum temperature, integrated cleaning system, continuous belt washer and fully welded stainless steel construction throughout. Options include gas heating, special conveyor belts, integrated electric steam generator, humidity control and heat-resistant double-skinned glass doors.
